

Process & Improvement Engineer

Needed for the Fitesa Italy plant located in the North-East area of Milan. Fitesa is a major industrial, multi-national market leader for the manufacture of medical, hygiene and industrial nonwovens.

Position Summary:

The ideal candidate has a technical diploma or an engineering degree and has at least 2 years' experience in a similar position (improvement engineer, lean/kaizen engineer, production or process engineer) in a production company. The resource will be placed in the process and continuous improvement team and will report to the Process & Improvement Manager.

Job Duties:

- Improving the company's productivity, reducing production costs and ensuring product quality and process stability.
- Short- and long-term improvement projects, applying a wide range of quality and process improvement tools.
- Optimizing processes and resources through the promotion and implementation of Kaizen in the field and the proposal and implementation of improvement activities;
- Ensuring the traceability, integrity, updating and reliability of production process data;
- Definition, implementation and monitoring of KPIs for analysing costs and performance and addressing the consequent corrective actions
- Staff training and involvement projects.

In the course of its activities, the Engineer may collaborate with other company functions, such as quality, production, maintenance and supply chain.

Technical Competencies and Other Requirements:

- Technical Diploma or an Engineering Degree
- Previous experience of at least 2 years in a manufacturing company with similar experience (improvement engineer, lean/kaizen engineer, production or process engineer)
- Ability to analyze and problem solve
- Knowledge of main continuous improvement techniques is preferred, not required
- A good knowledge of English
- Willingness to travel abroad for short periods, if necessary
- Excellent knowledge of MS Office (advanced Excel)
- Determination, dynamism, and ability to work in teams
- A strong focus on results

We offer permanent and full-time contract, in a multinational context.

To apply please send resume and correspondence to hritaly@fitesa.com.
